Thangamari S

Java Backend Developer | Java, Spring Boot, Spring Data JPA

thangamaris.mca25@rathinam.in | 8925691631 | Tirunelveli, Tamil Nadu

https://www.linkedin.com/in/thangamari99/

Career Objective

Aspiring Java backend developer seeking a role to leverage my skills in Java, Spring Boot, and REST APIs, aiming to contribute to innovative, scalable solutions while continuously enhancing my technical expertise and professional growth.

Skills

Hard Skills: Java, MySQL, Postman, Spring Boot, REST APIs

Soft Skills: Communication, Time Management, Collaboration, Adaptability

Academic Projects

Inventory Management System *2025*

HTML/CSS, JavaScript, Java, MySQL, Spring Boot, MySQL / JDBC

Live Demo

- The system streamlines inventory tracking, reducing manual effort and errors.
- Enables efficient management of products through create, read, update, and delete functions.
- Supports smooth inventory updates, helping maintain accurate stock records.

E-commerce API *2026*

Java, Postman, Spring Boot, Apache Tomcat, Postman, MySQL / JDBC

- The API enables CRUD operations for the e-commerce site, ensuring smooth data management.
- Spring Security with JWT tokens provides authentication and role-based access control for secure interactions.
- Spring Data JPA and MySQL handle database communication efficiently and reliably.

AI Based Expense Advisory System *2026*

HTML/CSS, Python, MongoDB, JavaScript, Django

- Developed an AI-based expense advisory system that analyzes spending patterns and provides personalized expense recommendations.
- Helps users reduce unnecessary spending, increase savings, and plan investments effectively.
- Uses predefined expense data to identify spending patterns and generate suitable financial advice.
- Implemented rule-based classification, pattern recognition, data analysis, and recommendation algorithms to provide actionable insights for better financial planning.

Education

Rathinam Global University
MCA | General (2025 - 2027)

The American College
BCA (2025) **Percentage: 63**

Cambridge Matric Hr Sec School
Class XII (2022) **Percentage: 81**

Cambridge Matric Hr Sec School
Class X (2020) **Percentage: 88**

Certifications

- Introduction to Internet of Things - NPTEL (July 2026 - Present)
  Skills learned: Networking, Networking Fundamentals, IoT Development
- The Joy of Computing using python - NPTEL (March 2026 - June 2026)
  Skills learned: Python, Problem-Solving
- Design Thinking and Innovation - Coursera (September 2025 - September 2025)
  Skills learned: Critical thinking

Achievements

- Won 2nd prize in team-led 'Tech Quiz' competition led by the Tech club at the RGI campus, demonstrating technical knowledge and problem-solving skills.
- Achieved 2nd position in ‘Code Sprint Challenge’, applying analytical thinking and programming concepts to solve algorithmic challenges.
- Secured 1st position in the ‘Debugging Challenge’ under the Tech Club at RGU campus, resolving programming errors using logical reasoning, debugging techniques, and problem-solving skills.

- Organised and facilitated Artificial IntelligenceA Boon or a Threat to Future Careers under the Tech Club at RGU campus, engaging students in team-based arguments on AI's impact on future careers.
